RATHER WILD RUMORS.

They Are Found to Be Without Foundation In Fact.

SPANIARDS MAKE A MOVE.

Start Out From Cape Verde and Soon Return Again.

SOME, HOWEVER, STILL AT SEA.

European Growls About the Blockade of Philippine Ports Causes Very Little Concern Among Those Who Have Heard Such Things Before.

Washington, April 30.—Friday was a day of alarming rumors, running all the way from the blowing up of a big monitor to the detection and punishment of traitors, but fortunately all of them turned out on inquiry to be without foundation.

The news of the day of most interest was the departure from Cape Verde of the Spanish fleet, the stay of which at St. Vincent has been a source of anxiety on the part of the officials here, because it seemed to indicate the sympathy of Portugal for Spain might lead her to wink at a violation of neutrality laws in favor of Spain.

Late in the afternoon a cablegram came to the state department from Cape Verde, bearing no signature, announcing that four battleships and three torpedo boats had started north and some of the transports for Cuba, and that the northern fleet had returned shortly, having been in collision.

Because there was no signature attached the officials did not know what importance to attach to this message, as these are not times to accept what appears to be information without close scrutiny.

Captain Sampson sent a telegram relative to the firing at the Matanzas forts, but it was disappointingly lacking in detail; but the few words contained in the dispatch went to confirm the official view that the affair was nothing more than a naval reconnaissance.

MAY DISTORT THE FACTS.

One officer pointed out that if Admiral Dewey succeeded in defeating the Spanish fleet, the Spanish officials who control the cable connecting the island with the rest of the world in all probability may suppress the news or distort the facts into a Spanish victory.

Presuming that the admiral is bound directly for Manila, the calculation made at the navy department shows he will arrive at about 2 o'clock Saturday morning, Manila time, which is about 12 hours earlier than our own.

The announcement that the State of Texas, laden with supplies for the reconcentrados, is destined for Sagua has led to the surmise that it is probably this port instead of Matanzas which has been selected for the landing place and first attack of the United States troops.

Regarding the harmless growls that appear in the European papers, and threats to interfere to prevent the United States forces from blockading the Philippines, it may be stated that this was fully expected.

During the civil war there were a great many attempts on the part of European nations to disregard our blockade, and threats of interference, all of which came to naught from the firm attitude assumed by the secretary of state.

In the present case the conditions of the Cuban blockade are much more liberal toward the powers than ever imposed before.

NO OFFICIAL INFORMATION.

Viscount de Santo Thyrsio, the Portuguese minister, has received no notification of the neutrality decree. Press dispatches say belligerent warships will be allowed to remain in port a short time. This is evidently done to aid Spain, so that she can rush out from Cape Verde and return again for repairs and supplies.

The British and French ambassadors here have received instructions relative to the tonnage tax provision in the war tariff bill which passed the house of representatives. It is understood that the German ambassador will also receive instructions on the same subject.

The nature of the instructions is not disclosed, but they doubtless relate to joint representations against the severity of the new tonnage tax.

Leading diplomats are hopeful that their representations will lead to a modification of the clause before the new tariff bill becomes a law, as otherwise they feel that the tonnage dues will be so burdensome on British, German and French shipping as to cause it to seek Canadian and Mexican ports. Aside from the expected official representations of the foreign govern-

ments, the shipping interests of London, Havre, Bremen and other ports are supplementing the diplomatic negotiations with strong representations against the increased tonnage dues.

The republic of Haiti is expected to maintain strict neutrality as between the United States and Spain, and it is said that reports of exceptional privileges given to the United States warships in Haitian waters are erroneous.

THE AUTONOMISTS

Issue a Manifesto Calling Upon Cubans to Repel Americans.

Havana, April 30.—The following is the full text of the proclamation issued by the autonomous colonial government of Cuba:

The colonial government, the real representation of the people of Cuba, is threatened with a most unjust and capricious attack by the United States, an attack which, notwithstanding its veil of hypocrisy, threatens to restrict our liberty and well being.

It forces us to submit to the world a most solemn protest against this iniquitous offense. We rely on our patriotism and self-denial, on our courage and enthusiasm, to assert our common nationality and rights in defending the homes and future of our children.

You will instantly answer to the urgent call to arms, which, in the name of the nation, has been sent to us by the authorities of the island.

Never at any time in the history of the world has such contempt been shown for international law and justice; never has such an attempt been made as this undertaking by the United States to plunder the island of Cuba, occupied by Spain four centuries ago when that republic did not exist, save in the imagination of the colonizers of our race. The island belongs to the Spanish nation by sacred and indisputable title, claims that the ambition and pride of a covetous and hostile people vainly wish to ignore.

Far the greater part of that North American territory was discovered and explored by our fathers, and that exploit is for their eternal memory. The mighty Mississippi covers the remains of Hernando de Soto, a former governor and captain general of this island.

None of the alleged pretexts justify the proposed violation of our security. Nor do the pretexts themselves exist in the hearts and minds of educated people.

The duty of all is to repel such an outrage and such an odious scheme. With unanimity and decision let us follow in the imperishable steps and actions of the heroic defenders of this capital, who over a century ago contended with the invading hosts under the English Lord Albemarle. As Spaniards we owe this duty to our blood and our history. As inhabitants of Cuba we owe it to her. Our strength must be manly and energetic and true to the free destinies of our race.

Attempted to Run Blockade.

On Flagship Off Havana, April 30.—It was reported to the flagship on its return to the Havana station that two torpedo gunboats had endeavored to run the blockade during the day, and had been forced back into Havana by the Wilmington and the Iowa. A sharp lookout was kept throughout the night lest these tiny craft should try to repeat the attempt. The torpedo boat Winslow arrived from Key West and Major Meade of the marines was put on board the flagship. The Winslow proceeded to her station. The night was quiet and no incident of interest occurred.

Left for Tampa.

Chattanooga, April 30.—The entire eight batteries of artillery, besides the Twenty-fourth infantry and four companies of the Ninth cavalry, broke camp under orders to proceed to Tampa, Fla., at once. As fast as possible men, guns, horses, caissons, ammunition and camp paraphernalia were loaded on the lines of cars waiting for them at Battlefield station, and started on their journey south. The trains will be given preference over everything between here and Tampa, and a speed of 25 miles or more is expected to be made.

Saints Did Not Enlist.

Salt Lake, April 30.—A letter from the first president of the Mormon church to Governor Wells, on the subject of enlistments, has caused something of a sensation. The fact that Apostle Brigham Young, in a discourse at the tabernacle Sunday, counseled the saints to remain at home and that the recruiting offices in the city the opening day secured but 47 volunteers was regarded as reflections upon the patriotism of the people and the presidency of the church urges the saints to enlist.

Belittling the America Fleet.

Madrid, April 30.—There has been no disturbances here and the newspapers continue their weak efforts to belittle the United States fleet and its work. The impartial says: "All the world now knows that America tried to bluff Spain by war threats, which she is unable to fulfill. America, on being called, shows a wretchedly weak hand. Its real strength is exactly known—five ironclads, two belted-cruisers, three unbelted, the fastest and most powerful cruisers. All the rest are theatrical supers."

Cardenas Not Bombarded.

Key West, April 30.—Captain B. F. Harrington, commander of the United States monitor Puritan and the commanding officer of the Cardenas fleet, who has just come from there, specific-

ally and emphatically denies the story of the alleged bombardment of that port by the monitor Terror and gunboat Mach'as. He says there are no Spanish batteries there and that the entire story is untrue.

Cause of the Delay.

New York, April 30.—The apparent delay in the handling of some of the detailed press reports from Key West is wholly due to the fact that the cable facilities are limited between Key West and Jacksonville, and the time of the wires is largely occupied in the sending of government messages, which take precedence.

Grant's Nephew Called.

Chicago, April 30.—Lieutenant Bane C. Dent, a retired naval officer, received orders to report at once on board the training ship Constellation, now at Newport, R. I. Lieutenant Dent is a nephew of General Grant. He tendered his services to Secretary Long, and his offer was immediately accepted.

Coal Will Not Be Contraband.

Buenos Ayres, April 30.—It is announced that the Argentine republic will publish a decree of neutrality during the war between Spain and the United States; but it appears certain that the government will reserve absolute liberty of action in regard to coal.

There Was No Treason.

Key West, April 30.—There is absolutely no foundation for the sensational reports cabled from here to the effect that a case of treason had been discovered on board the United States monitor Puritan.

Great Excitement in Maine.

Eastport, Me., April 30.—There is great excitement here over 35 reports heard of Quoddy head, and which were supposed to have come from a Spanish gunboat which is said to be in Fundy bay.

Received a Severe Blow.

Moscow, April 30.—Russia has received a severe blow in the suspected friendly agreement between the United States and Great Britain. America is charged with ingratitude.

Another Spanish Spy Arrested.

Vicksburg, Miss., April 30.—Frank Unando, a Spaniard who has been hanging around for a week past, was arrested by the police on suspicion of being a Spanish spy.

Netheroy's Machinery Broken.

Rio Janeiro, April 30.—The departure of the United States dynamite cruiser Netheroy has been delayed by a breakage in her machinery.

Sailed Westward.

Machias, Me., April 30.—The United States steamer Minneapolis sailed at 2:30 p. m., bound west; destination unknown.

Ought Not Bind Her Hands.

Berlin, April 30.—Prince Bismarck says Germany ought not to bind her hands by a neutrality declaration.

Extra Guards Placed.

St. Louis, April 30.—Owing to the recent destruction of powder mills at Easton, Pa., and Santa Cruz, Cal., by explosions, thought to have been caused by Spanish spies, managers of eight big powder companies having their western quarters in this city have ordered double guards placed at all points where powder is stored or manufactured.

May Have None to Ship.

Dawson City, Alaska, April 30.—It is now definitely known that only a small portion of the gold output of the Klondike mines will go out on the first steamer. The treasure will be shipped on nearly every steamer during the summer, and the total amount that will be sent to the outside can not be estimated until late in July.

Express Train Held Up.

San Antonio, Tex., April 30.—The eastbound mail train on the Southern Pacific railroad was stopped by six masked highwaymen, at Comstock, 206 miles west of San Antonio, and the mail and express car were blown open with dynamite. Nobody injured.

To Examine Ohio Troops.

Washington, April 30.—Secretary Alger has designated the medical officers to examine volunteer troops called out by the president's proclamation as to their physical qualifications for the service. The Ohio man is Major Valery Havard, surgeon.

In Less Pain.

Hawarden, April 30.—Mr. Gladstone is resting easier, but his general condition is less favorable. The diminishing pain is a bad sign, always marking the latter stages of the disease from which Mr. Gladstone is suffering.

Hudson Bay Company Receipts.

"Received, per Lapwing, Jane Goody, as per invoice, in good condition; and "Received, per Osprey, Mathilde Timbina. Returned, per Lapwing, as not being in accordance with description contained in invoice."

Thus read two receipts recently found among the archives of the Hudson Bay company.—Kansas City Journal.

ORDERS POSTPONED.

The Existing War Has Had Some Effect on Business.

New York, April 30.—R. G. Dun & Company's weekly review of trade says hostilities have not yet changed last week's conditions. There is much postponement of orders by men who do not know what they are waiting for, and much restriction of loans by banks which are abundantly strong.

All this checks new business, and yet the volume of transactions through clearing houses is .8 per cent larger than in the same week of 1897, with no foreign trouble. But this increase would be much larger but for speculative stagnation here, New York clearings being 2.1 per cent smaller than in 1892.

Many have been asserting every day for the past two weeks that the wheat speculation has culminated, but the price has in that time advanced 2 1/2 cents—3 1/2 cents within the past week.

Corn exports for the week were 3,778,280 bushels, against 3,029,046 the last year, and for four weeks have been 12,266,681 bushels, against 12,250,207 last year. This makes about 151,000,000 for the crop year.

No such foreign demand for both grains has ever been known, and it does not seem to be satiated at all as yet.

Failures for the week have been 262 in the United States, against 237 last year, and 16 in Canada, against 40 last year.

War Revenue Bill Passed.

Washington, April 30.—All the Democratic amendments to the war revenue bill were defeated. The Democrats and Populists, with six exceptions, voted solidly against the bill. The Democrats who voted for the bill were Messrs. Cummings, McClellan and Griggs of New York, Fitzgerald of Massachusetts, McAleer of Pennsylvania, and Wheeler of Alabama. Two Republicans, Messrs. Linney of North Carolina and Thorp of Virginia, voted with the opposition. Quite a number of Democrats declined to vote. The bill was passed by a vote of 181 to 131.

Considerable Bitterness.

Frankfort, Ky., April 30.—There seems to be considerable bitterness between some of the officers of the state guard and regular army officers. The state guard officials are indignant over some former officers being displaced for regulars, who are accused of trying to "hog" everything. On the contrary, the regulars have some grievances of their own. Lieutenant George C. Saffrans of Fort Thomas was made lieutenant colonel of the Third regiment, displacing Lieutenant Wright of the Sixth cavalry, whose friends claim he had been promised the place.

Would Have Been Lynched.

Akron, O., April 30.—The prompt arrival of officers was all that saved Adolf Baite, a Thomastown young man, from severe handling at the hands of a mob. He took liberties with a 10-year-old child, Molly Cole.

Naval Appropriation Bill Passed.

Washington, April 30.—At the session of the senate the report of the conferees on the naval appropriation bill was presented and agreed to. The measure as perfected carries a little more than \$57,000,000.

BRAVE LEW WALLACE

Begs to Be Enlisted as a Private to Fight Spain.

IMPORTANT BIT OF HISTORY.

Had Not the Author of "Ben Hur" Misunderstood an Order the First Day's Battle of Shiloh Might Have Been Different.

Indianapolis, April 30.—Out of the bleak and dreary prospects of a rainy, raw day in the camp of the Indiana soldiery came an event that will stir with all the emotions of patriotism and pathos millions of people who read about it. The grizzled old warrior and author of "Ben Hur," General Lew Wallace, walked into the camp of the Second regiment and begged like a boy to be enlisted as a private in company M of that regiment. Behind this is a story of tortured pride and emotions.

"I desire," said he to Colonel Smith, "from the bottom of my heart, even at this age of life, to give back to my country a fragment of its usefulness. It is my most fervent wish to carry a musket to the field of battle to Cuba, and if possible redeem in a measure what I lost through an unfortunate error on my part at the battle of Shiloh."

Of course, General Wallace was acquainted with the fact that his age was a bar against his enlistment, but he tarried to ask the commanding officer to use his influence toward getting him into the ranks as a private, and it may be accomplished.

It was at the first day's battle of Shiloh that the day was lost on account of General Wallace's failure to properly execute a command issued by Grant to reinforce a certain division that was in peril.

Wallace headed his troops for the spot to which he had been directed, as he thought, but after a long march discovered that he had taken the wrong cut and found himself and his men trapped in the rear of the Confederate forces. On the instant General Wallace turned and marched his men back and through the gap. He then brought them up to the position he had first sought to gain, but it was too late and the day was lost. General Grant severely reprimanded Wallace, and for over 20 years the distinguished poet, author and patriot rested under the humiliation of that reprimand.

Then General Grant wrote and published a letter fully exonerating General Wallace, but from that day to this the author of "Ben Hur" felt the stigma keenly. With his three score years and ten he sought to wipe out forever the blot that he imagines had been cast upon his record as a soldier.

Commercial Travelers Meet.

Muncie, Ind., April 30.—The annual state convention of the Indiana Travelers' Protective association was formally opened here with an attendance of over 200 delegates and many ladies. The annual reports of the secretary and treasurer show a gratifying increase in membership during the last year. At the opening session the strength of the association was pledged for the defense of America in the present war with Spain, the wildest enthusiasm prevailing when the resolution was carried. The annual election of officers will be held and the date and place for the next convention will also be decided upon.

To Invent a Flying Machine.

Auburn, Ind., April 30.—Professor O. Chanute, the French inventor, will again try to solve the problem of aerial navigation. He has been in the service of the Parisian government, and has spent years in study and experiment on this subject. His trial station will be at Millers, in Lake county. He has a number of models, and believes that he has a machine which will safely navigate the air and come into popular use. All the Frenchman's machines have huge wings, and he believes in the bird principle. He hopes to perfect it in time for the Cuban war.

Has a Monopoly.

Hartford City Ind., April 30.—Engene Stahl, a Hartford City boy, writes his parents in this city from Sheep Camp, Alaska, that he has a monopoly of the mail delivery from Dyea to Sheep Camp, a distance of 14 miles, and must deliver the mail at the latter place within 24 hours after its arrival on the steamers. He receives 10 cents a letter for this, and makes an average of \$300 each week.

Columbus, O., April 30.—At a meeting of Ohio and Pittsburgh coal operators and miners, held at the Chittenden hotel, it was agreed that the present price shall be maintained in Ohio for room turning and that the Pittsburgh prices shall be increased to that amount. This is a decision of importance to miners in both states.

PITH OF THE NEWS.

Germany is said to have declared that no bombardment of towns will be allowed.

It is believed that a battle was fought off Manila yesterday, but the truth may not be known for several days.

The American squadron is watching for the Spanish fleet. It is thought to be impossible for it to reach the American coast without being seen.

Spanish warships have started from the Cape Verde Islands, and are expected in Cuban waters in ten days. Another Spanish fleet is now forming at the port of Cadiz.

The Paris was sighted four miles off Fire Island, New York, at 2:47 this morning. Under the rules closing the harbor at night she could not come up to quarantine before morning.

President McKinley will not permit Havana to be bombarded, but the batteries will be demolished very soon. Famine is threatened, and the end in the island is believed to be near.

The Cuban crisis is thought to be nearly over. The Spanish soldiers are indignant at Spain's failure to give them help, and are ready to force Blanco to surrender Havana after their forts have been shelled.

The President ought to have a diploma for his wonderful diplomacy.

The Spaniards could give McKinley two in the game and beat him at diplomacy.

Some of the Republican partisans in the county are biting their lips at the President's antics.

JOHN SHERMAN has retired from the service of his country full of years and honors and money.

A FRIEND thinks General Woodford might as well stay in Europe. He is about as much account to the Spaniards as to this country.

The Washington Times has found out that "McKinley has been weighed in the balance and found wanting." Just what the BULLETIN said days ago.

WONDER if any one will show his patriotism to such an extent as to shoot his finger off or otherwise maim himself, as was done during the late war, in order to escape service.

MR. SHERMAN has never found time to answer the questions propounded to him by a gentleman in his own State as to how it was that he had amassed such a vast deal of money on the salary of a Senator, when he went into office a poor man. We suppose he considered this, as the lawyers say, a "leading question."

Y. M. C. A. Matters.

At the men's rally Sunday at 3 p. m. Mr. George Frank will be the leader and the subject is "Faith in God." Miss Minnie Roser will sing a solo and also preside at the piano. All men earnestly requested to attend.

Secretary A. H. Lamb and Prof. Henry Waller go to Winchester this morning to represent Maysville Y. M. C. A. at the Lexington District Conference held at Winchester to-day and Sunday.

The Juniors' rally which was to have been held to-morrow is postponed, but the Juniors are invited to attend the 3 o'clock service till further arrangements are made.

A. H. LAMB, Secretary.

Excursion to Cincinnati.

The first two day excursion of the season to Cincinnati will run under the auspices of the Knights of St. John May 4th, good returning May 5th, on account of the German and Irish fair to be held at Music Hall. Don't fail to see this grand display. Also great ball game Cincinnati vs. St. Louis. Fare round trip \$1.25, good going on trains 17 and 19, returning on 18 and 20 the following day.

PRETTY COMPLIMENTS.

What a Contemporary Has to Say of a Fellow Townsman in Announcing His Candidacy For Congress.

In formally announcing Hon. William H. Cox, of this city, as a candidate for the nomination for Congress from this district, at the Republican convention soon to be held, the Ledger the other day had the following to say in that connection:

"In 1887 Mr. Cox was elected to the City Council, serving continuously for seven years, and in 1898 was chosen Mayor—being first to fill that office under the new Constitution.

"In addition to his services to the public he devotes much time to society and charitable work as well as to various business enterprises.

"He is Past Grand Master of Kentucky Oddfellows and Grand Representative to the Sovereign Grand Lodge; is a Knight Templar; is ex-President of the Y. M. C. A.; President of the State National Bank; President of the Mason County Cemetery Company, and is a director in the Electric Street Railway Company.

"In the matter of improving the city, he has built more houses and better ones than any man who ever lived in Maysville, and they stand to-day as an ornament to the city and a monument to his public spirit.

"Mr. Cox is the head of the well known firm of George Cox & Son; and there is scarcely a man who engages in any undertaking without seeking his counsel.

"His private charities amount to hundreds of dollars annually, to say nothing of several orphans and worthy persons whom he is supporting and educating—and about which the general public would never know but for this article.

"Just now he is engaged in the gratuitous task of superintending the construction of the new opera house, and his own liberal contribution and his influence will go a long way in making that enterprise a success.

"William H. Cox may be proclaimed, in all truth, 'Maysville's First Citizen.'"

TERRIBLE SLAUGHTER.

Six More Men Slained as a Result of the Clay County War of Extinction.

BARBOURVILLE, KY., April 29.—If the news which comes from Manchester, Ky., is true, six more men have been slained as a result of the terrible war of extermination on in that county.

The affair has become so terrible that a meeting between the parties to the feud means the certain death of from two to six men.

According to the information which is brought, the last deadly battle occurred Wednesday and six bodies were soon laid out cold in death.

It is claimed that George Howard, son of Bal Howard, and two of the Philpots were killed three miles below Manchester by the baker sympathizers, and the same day the Baker boys, sons of Anse Baker, met three Philpots in the main road, one mile below town and shot them down.

The particulars of the fights cannot be ascertained. The man that brought the news here says that Judge Wright will ask the Governor to send a company of state militia to quash the trouble.

River News.

About all the regular packets are in and out on time.

The Bostona is coming up on one engine this trip, having had a cylinder head blown out.

The Ohio is about on a stand this morning, having risen very little, if any, during the night.

The steamer Sunshine, Captain Marr, sprung a leak and sank in six feet of water just above Owensboro, on the Indiana side. The cargo was not damaged. The towboat Mariner pumped her out and the steamer was on her way in a few hours.

The United States snagboat E. A. Woodruff, which is having new steel sides and bottom put on her at Cincinnati, is proving a large contract, and while work is progressing well, the high water delayed the job so much that the boat will probably not be finished in time to do much work this coming summer.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at J. Jas. Wood's drug store.

DEPUTY GRAND MASTER HUGHES, of the A. O. U. W., who was here recently in the interest of the order, was down at Foster the other day and reports the prospects favorable for a good membership at that point. Brother Hughes did no work for the local lodge while here, but that is hardly to his discredit, for the field had been pretty thoroughly worked by Deputy Vaughn last summer. Mr. Hughes thinks he will return to this point, however, in a short time, and it is thought, with the help of some of the present members, much good may be accomplished. Brother Hughes was a visitor to Mason lodge at the last meeting, and kindly assisted in the degree work. He also created considerable enthusiasm among the members present by such a stirring address as is seldom heard in the lodge room; some of the members present expressing the opinion that it was the best effort in that line they had ever heard.

A CARPET

Is something more than a mere floor covering. It is capable of satisfying the artistic sense as well. In a properly furnished room the Carpet sets the pitch with which all other decorative effects should harmonize. Our stock of CARPETS and Art Squares is altogether the most extensive in this part of the country including as it does, not only the products of all the standard mills but many private and exclusive patterns which cannot be duplicated elsewhere. We guarantee to successfully compete with existing firms as regards quality, style or price. You cannot know what there is in the majority until you have inspected our stock.

MATTINGS.—Patterns carefully selected, all imperfect are inferior rolls rejected promptly. This constant care makes our Matting business grow rapidly. As a consequence of much selling, an accumulation of remnants. Your length perhaps among them. Long pieces at half, shorter pieces at quarter. Original prices on all our mattings were very low. This intensifies the remnant cheapness.

SMYRNA RUGS.—It is no secret that Philadelphia has long led in the manufacture of Smyrna Rugs. And no wonder. Large productions always hold chances for bright buyers, which accounts for our having one hundred Smyrna Rugs to sell at less than their worth. The number sounds big, but we'd venture the guess that there will prove to be about a third as many rugs as there'll be wanters.

A NOBLE BEQUEST.

The Late James Rice Leaves a Handsome Fortune to Found a Library Fund For DeKalb Lodge.

The late James Rice bequeaths the bulk of an estate estimated at \$25,000 to DeKalb Lodge, I. O. O. F., of this city, to be vested and placed in the hands of three trustees, and the income, after paying the annuities and other expenses mentioned in the will, is to be used by the trustees for the purchase of good books and other reading matter that will be a credit to the order. The fund is to be known as the "James Rice Addition to the Oddfellows' Library, and Messrs. A. M. J. Cochran, M. C. Russell and John Duley are named as the Board of Trustees to manage the fund for the lodge. The library addition is to be used in connection with the library of DeKalb and Ringgold lodges, and used by both alike.

He bequeaths to Mrs. Adeline Clemmons, of Darke County, Ohio, four city of Maysville water bonds of \$500 each, and to his niece, Miss Maggie Cahill, of Canton, O., \$500.

To Hattie E. Rice \$400 per year during her lifetime, to be paid out of the rents, issues and profits arising out of the property bequeathed to said lodge. But should she ever marry then upon her marriage her right to receive this yearly bequest ceases. To said Hattie E. Rice is also bequeathed all that remains of his personal property, cash, notes and accounts after satisfying the other specific bequests stated.

Mr. R. K. Hoefflich is appointed executor of the estate without bond.

JOHN CROW, son of Michael Crow, died yesterday afternoon at 1 o'clock from a complication of diseases. He had been almost helpless for a long time, and was a great sufferer. The funeral will take place to-morrow afternoon at 2 o'clock. Services at the house and interment at Washington.

ABRAHAM DUNCAN, one of Adams County's wealthy pioneer citizens, died suddenly Wednesday, at his home near the old Brittingham camp ground. He had been blind for many years and of late was a sufferer from paralysis, the latter being the cause of his death. He was past seventy years of age and was never sick.

MR. WM. LYNCH, local correspondent of the Cincinnati Post, is in receipt of a letter from the editor saying the picture of Miss Ort used in that paper a few days since was handed him by a young man in that city who was accompanied by another young gentleman who claimed to be a relative of Miss Ort, and who vouched for the authenticity of the article. Mr. Lynch says he had no knowledge of the article until after it appeared in the paper.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. James Wood, druggist, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

Don't Miss It

To cut down our stock and make way for new lines, everything we handle will be sold at prices that look ruinous to us. This is a grand opportunity for lovers of nice China. We have the goods and we're going to sell them. Can save you money. Our cheap counters for ten days shall be devoted to 10 to 25c. sacrifices. Next week our our great Haviland China sale will take place.

The Bee Hive!

HOUSE-CLEANING TIME

Teems with thoughts of CARPETS, MATTINGS, OIL CLOTHS, LINOLEUMS, etc. Our stock of all these is matchless in this vicinity. We strive to make a triple combination of great variety, good quality and low price. If you'll but inspect our great stock of "floor coverings" you'll find this combination perfectly illustrated. Our Ingrain Carpets at prices ranging from 25c. to 70c. a yard are all the newest patterns and of the very best standard make. At 50c. we have a really astonishing line of Tapestry Brussels. These are superb in both quality and style, and equal to those you'll pay a great deal more for elsewhere. And the very same is true of our Oil Cloths, Linolesums and Matting which are here in great abundance and varieties. Observe our window display.

A GREAT BARGAIN IN WAIST GOODS.

This is a French Gingham of very finest texture and choicest designs, 32 inches wide, of regular 25c. value, at the ridiculously low price of 12½c. You had better inspect these soon, they will sell rapidly. Remember only 12½c. a yard.

A DEPARTURE IN ORGANDIE SELLING.

We took every piece of Etoile Organdie that one of the largest jobbers in the country had. They filled three large cases, and included over one hundred designs, all this season's goods. You have paid 12½c. for the same article before. You'll find them on sale here for 5½c. a yard. This is a rare chance indeed, and at this wee price they'll go in a hurry.

FIRE AT THE ALMS HOUSE,

In Which An Inmate Lost Her Life and Considerable Property Was Destroyed.

This morning, shortly before 4 o'clock, fire was discovered in the rear wing of the alms house, and though the alarm was promptly given, and the department reached the scene as promptly as could be expected, the sleeping quarters were entirely consumed before the fire could be gotten under control. The portion of the building occupied by the Matron was saved, as was also most of the furniture, but it required a good deal of hard work to confine the flames to that portion of the structure past saving.

The charred remains of an old woman—Mrs. Ann Ford—was found in the ruins after the flames had been extinguished.

Lizzie Fern, a girl who had been an inmate for many years, and who not so very long ago had one of her limbs amputated, was missed, and it was thought she also perished, but afterwards she was found in a nearby field, where the poor thing had painfully made her way to escape the death, which was certain had she remained.

The fire is supposed to have originated from a pipe the old woman, who lost her life had probably been smoking while in bed.

IN FRONT OF MANILLA.

American Fleet Arrives Ready For Action.

REBELS HAVE BEEN ARMED.

They Will Swoop Down Upon the Philippine City.

LUZON IS SOON TO BE RESCUED.

The Other Islands of the Group Will Be Treated Likewise In Rapid Succession and Will Be Made a Land of the Free In Asia.

Singapore, April 30.—A naval battle is momentarily expected in Manila bay.

American Fleet Off Manila.

Hongkong, April 30.—It is reported from Manila that the American squadron was sighted off Bolinao, north of Manila, but the weather is too stormy for the fleet to communicate with the insurgents.

Preparing For the Assault.

Manilla, April 30.—The insurgent chief Aguinaldo is preparing to make a descent near Manila. His supporters are plentifully supplied with arms and ammunition from the American squadron.

Spanish Fleet to Be Captured.

Hongkong, April 30.—Nothing has been heard of the American fleet or from Manila. Commodore Dewey considers that his duty will be done when the Spanish fleet is captured and safety has been secured for American trading vessels. Eleven of these vessels are now overdue and the Americans feel exceedingly anxious.

The Port Impregnable.

Madrid April 30.—The Voz Espanola of Manila describes the port of Manila as impregnable. It says six other principal ports in the Philippines bristle with guns chiefly Krupp.

Japan Wants to Look On.

Madrid, April 30.—Japan has requested permission for Japanese naval officers to watch the operations in the Philippines from the Spanish headquarters.

Sample of Spanish Veracity.

Key West, April 30.—General Blanco has cabled Madrid from Havana that the Montgomery went ashore on the rocks off Colonados, Pinar del Rio, and that three other warships succeeded in floating her, but that she is badly damaged. The Montgomery arrived at Key West Friday from Hampton roads conveying the troop ship Panther. She has not been in Cuban waters.

Expect to Crush America.

St. Johns, N. F., April 30.—The British steamer Wansbeck has just arrived from Cadiz. The captain saw nothing of any warships on the voyage. When he left Cadiz the Spaniards were most actively preparing for war, declaring they would suffer anything to crush America.

Granted a Special Pension.

Madrid, April 30.—The captain of the Spanish steamer Montserrat, the vessel which was bound for Havana with a valuable cargo, and which succeeded in making the port of Cienfuegos, has been decorated with the Red Cross and has been granted a special pension.

Germany Will Aid Spain.

Madrid, April 30.—A great impression has been produced by a rumor that Germany has issued a note declaring she will not oppose the landing of troops in the Philippines, but will not permit any bombardment.

Great Rejoicing in Havana.

Havana, April 30.—There are great rejoicings in Havana at what is described as "the American repulse at Matanzas." It is not believed that the United States warships will venture to attack Manila.

Weyler Urges Action.

Madrid, April 30.—"Butcher" Weyler in the senate urged the government to take the offensive against America. He justified his administration in Cuba.

Think It Is Only a Bluff.

Madrid, April 30.—Spaniards believe the Washington reports as to movements are intended to hoodwink the Spanish government.

Bay Full of Torpedoes.

Madrid, April 30.—Official circles do not believe Americans can land at Matanzas, as the bay is full of torpedoes.

The Temerario Still Harbored.

Buenos Ayres, April 30.—The Spanish torpedo cruiser Temerario is still at anchor in front of the small bay.

Americans to Be Expelled.

Madrid, April 30.—The Spanish government is going to expel all United States citizens from Spain.

Frankfort Ky. April 30.—Many Kentuckians who were disappointed by failing to get commissions in the state guard talk of making their way to Cuba and joining the insurgent army especially if there is not an early second call for volunteers.

United States Senator Pritchard.

Mrs. Pritchard Got Entire Relief From Rheumatism by Use of Paine's Celery Compound.

United States Senate,

WASHINGTON, D. C.,

Washington D. C.
May 18/97.

Wm. P. Richardson & Co.
Burlington Vermont.
Gent.

I find Paine's Celery Compound an excellent remedy for rheumatism. With best wishes I am
Yours J. C. Pritchard
1820 I St A. H.

Senator Pritchard, of North Carolina, became prominent in the co-operative movement in North Carolina, the success of which resulted in his election to the U. S. Senate to fill the term of the late Senator Z. B. Vance. He was re-elected to the Senate in 1887.

Mrs. Pritchard's testimonial to her faith in Paine's Celery Compound is reproduced above.

Below is a testimonial received from the wife of U. S. Senator Warren, of Wyoming, whose distinguished services for the country's best farming interests are so well known.

"I was persuaded to try your Paine's Celery Compound in the early spring, when in a very run down condition. The duties devolving upon the wife of an official in public life are naturally very exhausting, and I was tired out and nervous when I commenced using the remedy. I take pleasure in testifying to the great benefit I received from its use, and can truthfully say that I am in almost perfect health again. If I ever find myself running down again, I shall certainly give it another trial, and will in the mean time recommend it to every one needing it."

It is now time, if ever, to get health and strength.

Nothing should now interfere with building up weakened nerves and purifying the blood.

Now is the time of year when rheumatism and neuralgia must be cured, when debility and nervousness must be checked, when bad health must be mended—if one hopes ever to get well.

It is not that rheumatism, neuralgia, insomnia and kidney trouble are hard to cure—Paine's Celery Compound has made a host of sufferers well—but people make themselves chronic invalids by neglecting the early symptoms of disease.

Thousands of lives that are now fast wearing out would be prolonged if Paine's Celery Compound were in each instance used to stop those ominous pains over the kidneys, to build up the run-down, nervous strength, and cure permanently those more and more frequently recurring attacks of headache and indigestion.

The full intensity of living is reached only by the perfectly healthy. Sickness discounts the capacity for enjoyment. If his body is all out of order and run-down, he will not be able to enjoy anything, no matter how full of enjoyment it may be for other people. If he is just a little bit out of order, if he "is not sick, but doesn't feel just right" he will only be able to enjoy things in a half-hearted sort of way. The nearer he is to being perfectly well, the nearer will his capacity for enjoyment be perfect. If this condition doesn't exist, something ought to be done. That means nine cases in ten the use of Dr. Pierce's Golden Medical Discovery. It works directly on the digestive organs, and on the blood and through these on every tissue of the body. It makes the appetite good, digestion and nutrition perfect and supplies rich, red blood to all the tissues, building up solid, healthful flesh.

Send 21 cent in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1000-page "Common Sense Medical Adviser," profusely illustrated.

Blew Off His Head.

Shelbyville, Ind., April 30.—James Babb, a farmer, arose from a sick bed some time during the night, secured a shotgun, and, sitting down in a chair, took a stick of wood and pushed against the trigger, blowing off his head. He brooded over ill health.

POLITICAL POINTERS.

McKinley was neither born great nor may greatness be thrust upon him.

General Lee has forgotten more about true patriotism than McKinley ever dreamt of.

McKinley has only verified the old adage that silk purses cannot be made out of sow's ears.

One thing's certain; the Lees and the rebel yell are not adding any feathers to McKinley's cap.

The President, by his pusillanimous conduct, is letting the country "further in the hole" every day.

John Sherman went into public life reputed a poor man; he comes out a millionaire. Comment is unnecessary.

Benedict Arnold betrayed his country for ambition and in revenge for a reprimand from his chief, while McKinley has been bought by base gold.

While John Sherman showed considerable zeal in managing the finances of the country, he was also quite thrifty as to the matter of his private exchequer.
